

National Intellectual Property (IP) Centre

IP by Design → IP for Business → IP Monetization

National Intellectual Property (IP) Center

Purpose: Develop India into a hub of IP Driven Industries

Vision: Build Global Competitiveness through IP

The National Intellectual Property (IP) Center is an effort to Catalyze Human Resource development, Facilitating and providing support for IP Protection and Enforcement. The center also advocates policy reforms which is conducive for Indian Industry to do competitive business in India and compete in the global market, by enabling Indian Industry to attain global leadership by harnessing and leveraging IP.
