Our commitment

Intellectual Property Rights (IPR) is emerging as a strategic business tool to enhance Industrial Competitiveness. Geographical barriers to trade among nations are collapsing due to globalisation. IPR plays a key role for any business organization to stand out in the world of competition and provides the desired “Winning edge” over the Competitors. The Indian MSME, with limited resources and manpower can sustain in this competitive world through continuous growth and development oriented innovations. However, the MSME’s, especially for developing state like Karnataka, would need information, facilities and capacities to protect IPs thus created. MSME can avail various forms of IPR to protect their intellectual creation.

IPFC will look forward to serve the MSME’S to help them protect Innovative process, products, Ideas, designs for the mutual benefit of all the stake holders at national & international scenario for business promotions and development.

“Harvest your IPR’s for Prosperous Business”
